Infosys Hiring Manager

Infosys

16100, N 71st Street Suite 300

Scottsdale, Arizona – 85254

Dear Infosys Hiring Manager:

In my pursuit of new challenges, I was excited about the Tech Process Associate opportunity with Infosys. I am confident that my experience, education, and acquired skills from the New Apprenticeship Bootcamp will help me be the ideal candidate for the job and would enjoy an opportunity to discuss the position with you in greater detail.

Though I have enjoyed my previous position in the healthcare field as a Specimen Accessioner, where I have developed many valuable skills related to your vacancy such as, data analysis, problem solving, and customer service. Over time, I realized that I have always been drawn to the IT field and this strong interest is what lead me to continue my education and self-study in the hope of someday having the opportunity to work for a global leader in technology like Infosys.

I believe the skills I have developed and the experiences I have gained during my career make me a unique and valuable candidate worth considering for the Tech Process Associate position. The qualities mentioned above, as well as my determination and passion, will enable me to make a positive difference to Infosys. I would appreciate the chance to talk over my qualifications with you in person. I may be contacted via any of the details provided above. Thank you for your time and consideration.

Sincerely,  
Robert Garcia
